

The TalkOrigins Bumper Sticker. How to Use:

- (1) Print the Graphic Below on a Sticker,
- (2) Slap it on your Car,
- (3) Liberally Cite to Infallible TalkOrigins URLs in E-mails, Blog Posts, Bulletin Boards, Chat Rooms, etc.,
- (4) Self-Assuredly Roam the Internet as a “TalkOrigins Expert,” and
- (5) Make Snide Comments and / or *Call “Creationists” all kinds of Nasty Names!*

Background Note: This Sticker is a parody. It was originally developed due to the observed high correlation between namecalling and citations to TalkOrigins URLs among some Darwinists on the internet.
